

Dark Ride Risk Assessment Management Form

Hazard Identification	Prevention & Minimisation	Action
Road Accident	Teachers/Caregivers are solely responsible for the students outside the complex.	For minor injuries, there is a first aid kit at Megazone counter. For more serious injuries call 111
Steps and Stairs	There are steps onto the ride, reflective strip visible.	Teachers/Caregivers to monitor correct behavior on the stairs.
Student Specific Ailment	Individual medical needs that may be affected by either strobe lighting or physical exercise or if pregnancy is suspected are to be disclosed by the class teacher on arrival. Riders must not be pregnant on the DarkRide.	The class Teacher/Caregiver is responsible for the specific medical needs of the students, staff can hold items of importance i.e. asthma inhalers, for students.
Going to the toilet/Stranger Danger	Any student going to the toilet must follow whatever procedure the teachers/Caregivers have put in place for them. All fire exits are alarmed and monitored by Watchdog and staff. The main entrance/exit are constantly monitored by complex staff	Teachers/Caregivers to do a register check. Staff and Teachers to search complex Notify center director Call Police
Trips, Falls and moving safely around the maze	All Players must sign a Dark Ride specific waiver before entering the ride. Players must follow staff instruction, specifically that they must wear the seatbelt correctly and remain seated for the duration of the ride.	For minor injuries, there are multiple first aid kits available throughout the complex. For more serious injuries call 111
Evacuation of building	In the event of an emergency site staff will give directions to assembly points. Class Teachers/Caregivers have a class list.	Follow the practiced evacuation procedure. Evacuate through nearest exit and assemble at designated assembly point.
